- RS centrifugal pump with flanged motor, monoblock
RS centrifugal pump with free shaft end, bearing neck
Bulkhead partition duct.....

Company: _____ Date: _____
_____ Telephone: _____

Application conditions

Usage site / operating time h/day: _____

Desired displacement volume: _____ m³/h, l/min
Desired supply pressure: _____ bar/Mpas

Conveyed material _____ chem. Formel:

Specific weight _____ kg/dm³

Viscosity: _____

Solids content: _____ Vo.-%, g/l

Material size: _____ mm.

Type of solid (hard, soft, jagged, round, fibrous, etc.) :

ENGINES AND ACCESSORIES

Electric motor:

Diesel engine:

Hydraulic motor:.....

Base frame:

Temperature sensor:

Oil storage tank:.....

Bulkhead partition duct, shaft diameter: _____

Other: _____
